Top Skills

Machine Learning

Phylogenetics

Bayesian statistics

Zhirui Hu

Computational biology, Statistics, Machine learning
Berkeley, California, United States

Summary

I have experience in both the biotech and financial industries, where I have observed that statistical and machine learning models for pattern and knowledge discovery share remarkable similarities across these fields.

Experience

Gladstone Institutes

Bioinformatics Fellow

August 2022 - Present (2 years 11 months)

San Francisco Bay Area

Tsinghua University

Assistant Professor

March 2021 - July 2022 (1 year 5 months)

The Voleon Group

Quantitative Researcher

October 2019 - February 2021 (1 year 5 months)

Education

Harvard University

Doctor of Philosophy - PhD, Statistics · (2014 - 2019)
